TETIANA BULATOVA

JUNIOR FRONT-END DEVELOPER

Profile

Hello! My name's Tetiana. I'm currently the Head of Neural Systems at an IT company, with five years of experience in IT. Driven by a passion for growth, I recently expanded my skillset to include website development using HTML, CSS, JavaScript, and React. I'm excited to apply my new skills to create engaging, responsive web applications and look forward to exploring new opportunities that combine my leadership and development expertise.

Project Experience

> Movies Site, code link [HTML, SASS, JS, React, Parcel]

This was a team project where I served as the Team Leader. After the project's completion, I enhanced it by adding a login feature and a swiper showcasing upcoming movies.

> Green Harvest, code link [HTML, CSS, JS]

A site dedicated to promoting healthy eating. It was a rewarding experience working on this project, and I'm thrilled to present it to you.

> Yach Jet, code link [HTML, CSS, JS, Vite]

As the Team Lead, I was at the helm of the technical development, guiding the team through the complexities of the project. The role required a deep understanding of cutting-edge technologies and the ability to seamlessly integrate them into a cohesive and innovative solution.

> Simply Chocolate, code link [HTML, CSS, JS, Vite]

It's been a rewarding experience designing and developing this site from scratch, and I'm proud of how it turned out.

> Food Delivery, code link [HTML, CSS, JS, Vite]

This project was a fun and challenging experience, and I'm really happy with the outcome!

> Barber Shop, code link [HTML, SASS, JS, Parcel]

This is my personal project where I integrated JavaScript for all forms with data saving to Local Storage.

> Donats, code link [HTML, SASS, JS, Parcel]

I created this responsive website on my own, adding a smooth scroll feature for anchor links.

> Ice Cream, code link [HTML, SASS, JS, Parcel]

This was a team project, I contributed by developing the "About Us" section and coding the JavaScript for the mobile menu.
